goCIO ENTERS INTO A STRATEGIC PARTNERSHIP WITH ÉQUIPE MICROFIX

Montreal, November 7, 2018 - Today, goCIO announced it has entered into a strategic partnership with Équipe Microfix. goCIO, with its experienced IT strategy, will now offer first-rate infrastructure management, development and implementation from Équipe Microfix. This relationship will give goCIO's new and existing clients access to a larger range of services when realizing their IT objectives, including security, best practices and risk reduction.

The goCIO mission is to deliver maximum business value through technology. By providing proper IT assessment, recommendations, and implementation, clients can realize their technology goals. All of the company's services are on-demand, so SMBs can benefit from the executive level work that until now only a full-time CIO could provide.

"We're thrilled to be a Microfix partner" said James Wood, goCIO's Founder and Principal Consultant. "With a unique team of specialists, they offer solutions that cater to the IT needs of small and medium sized businesses. Our clients will only benefit from their expertise."

Équipe Microfix's focal point is managed IT support at a fixed monthly cost. With a an excellent team and strong mix of strategic partners and service providers, they are well positioned continue to expand in the market.

"We're proud to have goCIO as a partner, and our team is ready to embark on future projects with their staff" said Mathieu Jacques, owner of Équipe Microfix. "We're looking forward to a long-term relationship."

About goCIO // gocio.ca

Since 2016 goCIO provides SMBs with on-demand, interim and project based executive level services to help them review their IT environment, create a roadmap, facilitate change and realize both short and long-term goals.
